What is LEADERSHIP JEFFERSON CITY?

LEADERSHIP JEFFERSON CITY is an innovative leadership training and community awareness program developed by leaders of the Jefferson City Area Chamber of Commerce. The program has been in existence since 1988. The program is designed to identify and motivate emerging leaders, and to develop their potential for community leadership roles by exposing them to the opportunities, realities and challenges of our community.

Sessions are strategically designed to provide participants with an increased knowledge and insight into the many functions and realities of life in our community. Session formats vary, but include such things as lively panel discussions, interesting field trips, knowledgeable speakers and group interaction.

LEADERSHIP JEFFERSON CITY was developed to meet the following objectives:

1. Provide leadership development training and help participants develop an understanding of their leadership style.
2. Provide valuable and interesting information about Jefferson City and the surrounding area.

4. Stimulate and increase the level of commitment and participation in the community.
5. Build solid relationships among class members for working together on present and future community projects.
